Question 6:

Are Valley Oak trees and White Oak trees generically noted as Coast Live Oak trees in PG&E vegetation inspection records? (CPUC Data Request dated November 21, 2017. Common Question 10, Part 2.)

Response to Question 6:

No. Valley Oak trees and White Oak trees are not generically noted as Coast Live Oak trees in PG&E's records because they are a different tree species than Coast Live Oak trees.
